

Furniture Moving

- **Project Brief:**

Furniture Moving is a website that previews the furniture moving companies and its services by letting any one who has a furniture moving company to present his services using a suitable dashboard to control his content and bookings. The user can from this website book any company service to move his furniture based on time, location, price, availability and rating of the furniture moving he wants to book. This website makes furniture moving companies compete with each other to give the best service and quality to get excellent ratings.
